DR. TELFORD DECLINES RAISE IN SALARY

Popular Presbyterian Pastor Suggests Money Be Added To Fund To Build New Church.

Quite an interesting event occurred at the services in the First Presbyterian Church Sunday morning, just before Dr. Telford delivered his sermon. The deacons in an Every-Member canvass several days ago, had asked the members to increase their subscriptions for the year in order that a substantial raise in salary could be given to Dr. Telford. The task was an easy one, and every member responded liberally, realizing the true worth of such a splendid man.

The surprising event came when in making announcements of the week Dr. Telford thanked the deacons and members most graciously for the remuneration, but stated that he felt at this time he could not accept it.

The Presbyterians are working diligently trying to reach the goal in order that a new structure may be built in which to worship, and the members, deacons and elders have been cooperating their efforts in an unusual manner in order to accomplish this much needed structure.

However, what has put more vim and life into the situation was made when Dr. Telford suggested that instead of accepting the raise of several hundred dollars on the year, that this money be put into the building sinking fund, and this showed beyond a doubt the support and interest of the pastor in the matter of a new church.

Dr. Telford has not been here for many years but he has won the hearts of the entire community. No man in Richmond has done more in elevating the stress of the poor of this city than he, and he again proves his liberality when he turns over a substantial raise in salary to the building which will put new life into the church worship in Richmond.

DR. PENNINGTON TO LEAVE RICHMOND

On May 1st, Richmond will welcome a new dentist, when Dr. E. M. Norton, of Estill county, takes possession of the office formerly owned by Dr. J. R. Pennington, who will leave Richmond for a vacation of several months, before opening an office elsewhere. It was rumored that Dr. Pennington will go West. However he says no definite plans have been decided. The last wishes of his many friends will go with him, and at the same time Dr. Norton will receive a cordial welcome to Richmond.

IMPORTANT ANNOUNCEMENT

The County Board of Education will meet with the patrons of Valley View and Miller districts, Wednesday afternoon at two o'clock, at Valley View school, for the purpose of selecting a place for the consolidated school building.

MAY COPY DEEDS HERE

Attorneys and other persons may copy deeds in a county clerk's office without paying a fee. The records in such office are public and are therefore open for public inspection. This opinion was given by the attorney general last week at Frankfort, to P. C. Combs, an attorney of Hazard. Combs complained that the county clerk of Perry county objected to attorneys making copies of deeds without paying fees.

THIS SHOULD APPEAL TO OFFICE SEEKERS

Salaries of the Commonwealth Attorney may be prorated during his term so that he may average \$4,000 a year during the period of his office. Circuit Judge Stout so decided at Frankfort when the question came up from Allen county. Commonwealth Attorney John H. Gilliam failed to make \$4,000 in salary and fees the first year of his term but made over \$4,000 last year. He filed suit to compel the State Auditor to prorate his salary, and Judge Stout decided in his favor.

Meritone Brings Back Appetite And Puts Nerves In Shape For Prominent Man.

J. T. Wilkerson, superintendent of the Chattanooga district for the Southern Insurance Company and one of Chattanooga's prominent residents, highly recommends Meritone, the new system medicine, because of benefits it brought him. Mr. Wilkerson lives at 4401 Alabama avenue, Chattanooga, Tenn.

"My stomach was out of order somewhat, also. I didn't have any appetite and I was bothered with indigestion."

Is Much Improved

"My stomach is in much better condition, and I have a wonderful appetite and can eat anything I want without any trouble from my stomach. I have told several friends about Meritone and it is helping them now."

FEDERAL COURT CONVENES TODAY

The April term of United States court begins here this afternoon at 2 o'clock. Judge A. M. J. Cochran is expected in at noon and will promptly impanel and charge the grand jury and draw the petit juries.

Argument in an important oil suit is expected to be entered into this afternoon. The case is that of N. C. Moss, trustee against Jesse M. The array of legal talent which will appear in the case is quite formidable and a hard fought battle will undoubtedly be the result. There are several cases of sedition also before the court, and other oil cases. The docket is a full one for this term due to the previous session of Uncle Sam's court having been postponed on account of the influenza epidemic.

MOMENTUS WEEK OF PEACE CONFERENCE

Action Will Be Taken On Covenant of League of Nations—World Has Eyes On Italy.

(By Associated Press)

What promises to be perhaps the most eventful week of the Paris peace conference opens today with final action in prospect on the covenant of the League of Nations at a plenary session. A summary of the covenant was made public last night.

There is also a feeling in Paris that the peace treaty will be presented to the Germans next Saturday, before which time it is hoped the Italian situation will resolve itself.

Conditions in Italy are being watched with some concern but very little news relative to the state of public opinion and the activities of Orlando are obtainable.
